At Dr. Comfort® we understand the importance of foot care and are committed to helping people get back on their feet. Our shoes are available online and through healthcare providers who specialize in foot health. Proper footwear can help prevent more serious complications for those at risk. If you qualify, Medicare or other insurances may help cover the cost*.

*Your doctor or one of our providers can help determine if you qualify. To find a local provider visit drcomfort.com or call at 800.556.5572.

You must properly maintain and care for your shoes. Cease using immediately and call your doctor if you have any signs of blisters, pain, swelling or other indications which could cause damage to your feet.

A low-angle, perspective shot of a wooden boardwalk. On the left, a white wooden fence runs parallel to the path. The boardwalk is made of dark wooden planks, with a prominent shadow cast across them from the right. In the background, there are lush green trees and a bright, slightly overexposed area where the path seems to lead. The overall atmosphere is peaceful and natural.

CUSTOM FUNCTIONAL ORTHOTICS

Dr. Comfort® has historically led the industry with our diabetic products, now we have expanded our custom line-up to include a full line of Functional Orthoses made from top-quality materials and aligned with world class service to address some of the more complex needs for patient's feet. These styles of orthoses are designed to the unique specifications of the patient's foot and are built with specific functional objectives to help address biomechanical issues within the foot.

WHAT DOES THE CUSTOM LAB OFFER FOR FUNCTIONAL ORTHOTICS?

- Simple designs to meet the vast majority of needs placed into four basic categories
- EXOS® designs for similar needs but with full and quick adjustability
- Complex designs that are built for very specific needs
- The ability for the provider to build their own device, step by step
- Total contact designs for an intimate fit, accommodations and control
- Lead times typically less than five days

HOW ARE CUSTOM FUNCTIONAL LAB ORDERS PLACED?

The Comfort Scan Mobile™ App was developed for an easy to use, fast turnaround method of ordering all custom products. With the app, providers are able to take a 3D scan of their patient's foot and submit the image and order form in a few simple steps.

COMFORT SCAN MOBILE™
